O-W-E Impact!!

"I really enjoyed this experience, it was fun and I am confident I can paint all the doors at home. I am putting my certificate on my wall". Rehanna

"I am hoping to find work and also work with angela again. I can't wait to get my cscs card any day now". Kerry

"What these young ladies have achieve in 11 days is a credit to them and Angela. Our space looks professional painted, and we have had a customer wanting to book the space for their function.

This is a brilliant course for women, and we have already asked Angela to come back".
